Baby Moons and Teenie Moons- Our Babies room will be busy welcoming lots of new children and helping them to feel safe, happy and settled in their new environment. Our focus will be on supporting each child's **wellbeing**, building trusting relationships and developing strong bonds with their key workers. We will provide lots of comfort, reassurance and opportunities for babies to explore and build confidence at their own pace.

Mini Moons – Our Mini Moons will be focusing on **new routines and structure** as they settle into the new term. We will support the children as they adjust to changes in their environment, encouraging them to become more **independent and confident** in their everyday experiences.

We will also be encouraging lots of conversations, giving children opportunities to express themselves, talk about their experiences and develop their communication skills.

Full Moons – Our Full Moons will be focusing on having more of a voice and making choices throughout their day. We will encourage the children to take on more responsibilities and become increasingly independent within the nursery environment.

A key focus will also be learning to **self-register**, helping the children to understand the importance of taking responsibility and becoming more confident in managing their own routines.

We are looking forward to seeing all of our children grow in confidence, independence and communication throughout September!

Saying farewell to our preschoolers- This month we will be saying a heartfelt goodbye to our preschool children. We are so proud of everything they have achieved and we hope they have the most magical journey in school.
